Apparently there is more to these beautiful islands than Grace Bay Beach. We found out about this great excursion that takes you through the mangroves, flats and shallows. You know we love that off the beaten path stuff!

Okay it's easy getting around by taxi but this looks like so much more fun.

Grand Turk Day Excursion with Historic Guided Tour

GIFT NOW

\$225 2 out of 2 available

Price: \$225 per person

Grand Turk, the Capital of the Turks and Caicos is the historical heart of the Island Archipelago. No where else in the TCI will you witness centuries old colonial and Bermudian architecture in a setting that time has forgotten. This package includes airfare, museum tickets, historic guided island tour and lunch.

We are based in Providenciales, where all the resorts are but everyone keeps telling us if we want to get a true sense of the history of the islands we have to go to the capital, Grand Turk. This would be the highlight of our trip!

Sports Deep Sea Fishing

FULLY GIFTED!

Fully Gifted!

Get on board one of the Turks and Caicos Islands best charter boats and prepare to test your skill against some of the best fighting fish in the Atlantic. It does not take long to get from the marina to the deep where these guys like to play. You're likely to catch mahi mahi, tuna, whahoo and sail fish!

Apparently the sports fishing here in the Turks and Caicos is amazing! I promised Brad a day out fishing if I could have an extra spa day :)
